## A WORD FROM WALT

Wednesday night, Rebecca and Zara Dorris shared ways sick and orphaned children in China are being helped. Here are some important highlights:

Over 300 sick babies are in the care of New Hope Foundation at six locations in China. In 2000, New Hope was started by Dr. Joyce and Robin Hill when they realized the plight of orphans with medical conditions in Beijing. New Hope has cared for over 1,100 sick babies and young children in eleven years. Many are healed or stabilized and later adopted into forever families.

Charles and Rebecca Dorris met the Hills when they brought two orphan babies to Vanderbilt for surgery in May 2001. When they traveled to China a year later to adopt Zara, they took several suitcases of supplies and visited Hope House. After the visit, Rebecca offered to find supplies to send with people traveling to Beijing. The Dorris family continues to be very involved in this work, along with many others who donate time or supplies regularly to help these precious sick babies.

Over 700 suitcases of medical and baby supplies have been sent in the past 8 years with local travelers and people leaving from other cities in the US.

Many in the Brentwood Hills family have provided suitcases, clothing and other much-needed supplies through the years. Two years ago several BHCC children's classes hosted a "Baby Shower" to provide supplies for Hope babies.

Supplies are needed on an ongoing basis. Donations may be brought to the "Supplies for China Hope Babies" bin in the foyer throughout the month of January. If you want to donate supplies throughout the year, contact Rebecca and Zara Dorris at 371-5221 or [rsdorris@gmail.com](mailto:rsdorris@gmail.com)

If you are traveling to Beijing, China, and are interested in taking a suitcase of much-needed supplies for the babies, travelers are always welcomed.
